About the College
Arul Anandar College (Autonomous & Coeducational) under the Management of the Jesuit Madurai Province is located in Karumathur, in the revenue taluk of Usilampatti, Madurai District to serve the rural community. The college with its vision of societal transformation tries to empower the youth in their academic and career pursuits. It is on the threshold of the Silver Jubilee of the College Autonomy. Taking a close look at the local reality and the conscious efforts of this institution, the National Assessment and Accreditation Council peer team visited the college in August 2001 for the first accreditation, highlighted the socially relevant achievements amidst hardships and impediments and awarded the highest grade of ‘Five Star Status’ on 5th November, 2001. The NAAC peer team again visited the college in March 2008 for reaccreditation, and recognising the continuing progress of the college in the various socially relevant parameters awarded the highest ‘A’ grade with a CGPA of 3.52.

About the Colloquium
The National Assessment and Accreditation Council (NAAC) Bangalore is in the forefront of recognizing and rewarding the purple patches of excellence in HEIs. It has indicated the areas wherein quality benchmarks can be achieved through institutional best practices. Establishing an IQAC in every HEI is an important step in this direction. The IQAC plays a significant role as the promoter and guardian of quality in every aspect of the campus life. Redefining and sustaining quality benchmarks and best practices has become the foremost task of IQAC coordinators in higher educational institutions. Constant and conscious attempts to promote a culture of quality in the academic ambience of the institution calls for a continuous quest for excellence on the part of all the stakeholders in the educational enterprise.

In this regard, our college ever strives to spread the fragrance of excellence and the exuberance of student achievement. Societal relevance and student employability with matching social mobility are envisaged as the hallmark of the educational programmes in this rural college. The college is on an expansion mode as it opens more academic courses which will provide ample opportunities for girls and boys to be placed in remunerative jobs and develop their entrepreneurial skills. Extension, co-curricular, extracurricular and sports activities play a vital role in the all round formation of the learners. Special emphasis is laid on the honing of their communication and training in soft skills in view of their placement. Creation of a caring campus and compassionate accompaniment of the students through mentor care and guidance by the ever vigilant and dedicated members of the staff is yet another defining characteristic of the college. The Women Studies Centre attends to the growing concerns of the women empowerment. As a vibrant academic community, the college desires to be enriched by inputs from the best practices and quality parameters of the best in the field.

Objectives of the Colloquium
- To create a platform for the IQAC coordinators to share their perspectives on best practices and quality benchmarks in their respective institutions
- To provide an opportunity for collaborative learning for the aspirants of the highest possible CGPA from NAAC
- To showcase case studies and presentations by our partners in higher education
- To encourage emulation among the highly rated institutions
- To facilitate learning as to what makes highly graded institutions click and
- To stimulate an atmosphere conducive for mutual enrichment and encouragement
